

NOTICE: RULES ON FLYING IN THE BAGAN AREA

We would like to inform you that the Ministry of Culture in Myanmar has imposed strict rules on all balloon companies flying in the Bagan area. All balloons must now stay a minimum of 300ft in altitude above the temples and except for reasons of safety we have been advised not to land within the Central Monument Zone.

Our pilots will obviously make every effort to provide you with the best flight possible so that you can enjoy the views of Bagan and the surrounding villages from the air. Due to these restrictions your flight may not be directly over the Central Monument Zone **(if this is a case, then no refund will be given)** and we may be forced to cancel flights to comply with these new rules. In cases of cancellation a full refund will be given.

For pre-booking clients who no longer wish to fly due to this change, we are happy to offer a full refund. We are sincerely sorry for any disappointment caused by these rules as we know that for some people, this was to be the highlight of your trip.

Be assured that we will do our utmost to still offer you the best experience possible on the day. BOB is committed to the safety of our clients, promoting responsible tourism and the protection of Bagan's Heritage.

From all of us here at Balloons over Bagan, We wish you safe and inspiring travels in Myanmar.
